Corner Park Street and Hastings River Drive, Port Macquarie. New South Wales 2444

Port Macquarie beach just 15 minutes drive from our medical centre

Here at Port Macquarie Medical & Dental Centre our aim is to action Primary's vision to provide quality, affordable and accessible health care to all Australians.

We are proud of the friendly culture we have established here both as a place to work, and as a place for people to seek medical care.

The team of general practitioners, allied health professionals and nurses in our centre have become integral to the Port Macquarie community.

Our centres' onsite radiology and pathology functions have helped to enable our health care professionals to make significant differences in their patient's lives.

Additionally, due to our centre's appointment model and culture our health care professionals have been able to recall cases as required and build significant rapport with their patients.

Specialist interests:

Women's health, mental health, workplace injuries and rehabilitation.

Languages spoken: English and Vietnamese.

About the Port Macquarie area

Port Macquarie is a picturesque coastal location where many choose to live and vacation. It boasts natural beauty and the everyday luxuries a person would want; great food, shopping centres and public transport. The predominant age group in Port Macquarie is 65+, as it is an idyllic location to retire to. However, there are still many families of different ages who choose to make “The Port” their home. As a tourist destination, we also get to meet many travellers from overseas. Meanwhile, the local resident population consists of a variety of nationalities which adds to “The Port’s” charm.
