About the Karratha area

The City of Karratha is located in the Pilbara region of North Western Australia about 1,200 kilometres north of Perth. Karratha is one of the largest and fastest growing cities in the area and is known as 'Munjaree', or the 'Heart of the Pilbara Coast'. With a warm climate all year round, it's a great place to escape the colder weather further south. The remoteness of Karratha contributes to its stunning landscape and beauty. Covering some 500,000 square kilometres of land, the Pilbara contains three world-class national parks, including Rudall River and Karijini – regarded as one of Australia's most stunning natural assets.

Some fun things to do

Swim with the whale sharks along Ningaloo Reef for an adventure you won't soon forget

Visit Karijini National Park – the second largest national park in Western Australia which features rock formations over 2.5 billion years old, waterfalls and stunning scenery

Visit the world famous Cable beach in Broome, famous for Australian pearl harvesting where you can buy uniquely designed pearl jewellery

Head north and go four-wheel driving through the Burrup Peninsula surrounded by pristine beaches, rugged rock formations and ancient gorges

Average house prices locally*

To buy \$130,000. To rent \$350 per week.
